PRODUCT

DESCRIPTION The Power Pixel-7 is a beautiful new project consisting of powerful typefaces for use in various formats and applications. It contains ten Riemann Greiedo fonts of various styles and weights, along with an extensive range of additional characters, out of print figures, misc symbols, rubbings and exceptional OpenType features. This is a perfect type for small manuscripts and presentations. You may use this font in any text editor or word processor in order to change the appearance of your documents. Format: Typeface
Format: FONTS Format: Graphics Format: ALT Format: PLAIN

The Power Pixel-7 family contains a wide range of scripts, style and weights ranging from Ultra-Light to Ultra-Bold and extra large monospace numbers. This is the only typeface which comes with more than 30 icons and its logo (an icon is like a small picture, or design element, used to represent an object, for example, a document, file, folder, or application). Each icon consists of a group of different elements, such as a symbol, word or letter. This font's icons are the perfect way to represent functions, programs or applications in your

documents, presentations and web pages. What's New in the?

Digital type must take into account the specific requirements of designers, who use it daily to prepare creative designs. This font is specifically designed for type designers, who need to present their creations in the best possible way, without compromising the original design concept. Power Pixel-7 is a standard font with six different characters. Each of these characters is designed with a special purpose, with special emphasis on balance, proportion and quality. These details are not visible to the naked eye. The six characters of this font include: Power

Pixel-7 has many additional attributes, available in the Power Pixel-7 package. This font also offers a special display font and a text font. The Power Pixel-7 package also includes a great number of pre-designed elements to use as is, or combine in design projects. Use Power Pixel-7 and customize your document with the new font that is both visually attractive and functional. Download and use Power Pixel 7 fonts, for free!
